

Partner with us to reach more students in 2025

Health Society of the University of the Sunshine Coast (HSUSC)

We're excited to introduce an opportunity to partner with the HSUSC. Our student-led organisation represents over 150 active members across degrees like Nursing, Medical Science, and Physiotherapy. With our numbers projected to grow to over 300 students during Orientation for Semester 1, we're seeking to collaborate with local businesses to enhance value for our members and boost your visibility in the community.

What we're asking for

- Offer a 5-10% discount, or a deal or discount of your choice, when a member of ours presents a HSUSC card at your business

How we will promote your business

- Advertise your business on our website, accessible via QR code on the HSUSC card.
- Promote your business as part of the card launch on our social media platforms and during our presentations at Orientation Week at UniSC

How we hope to benefit your business

- Increased Foot Traffic: Reach a diverse and growing audience of new students moving to the Sunshine Coast area.
- Enhanced Visibility: Gain exposure through our online platforms and in-person interactions at our events.
- On-going Partnership: Establish your business as a trusted partner supporting the local student community.

Timeline

- Launch Date: February 17, 2025
- HSUSC will actively promote participating businesses during Orientation and throughout the semester.

Get in touch!

We'd love to discuss this partnership opportunity with you!
